

# ADULLAM INTERNATIONAL MINISTRIES

RESCUING THE MOST VULNERABLE

Dear Friend,

A few minutes ago I watched a short video of one of our Kenyan children telling how they were *orphaned by AIDS* and left at the orphanage in Homa Bay. I had just left a heart breaking conversation with one of our children here at Adullam House, in Alabama, who is *deeply scarred from being born addicted to drugs and damaged by parental rejection*. I went from there to a Skype call with board members discussing the fact that our homes in Moldova, where we protect teenagers from being trafficked on the streets, **will be fuller this year than they have been for many years.**

The needs are vast...or as Jesus said, *"The harvest is great...So pray to the Lord...and ask Him to send....."*  
Luke 10:2 (NLT)

In two days our oldest daughter, Rachel, her husband, Justin and their four children (ages 16, 13, 9 and 5) are leaving to spend two months in Africa. They will be gathering information (*finding out names, ages, medical needs and academic levels*) to create files for each of the children. They will be training teachers at the school, and running a VBS with the kids. On June 17<sup>th</sup> they will be joined by fifteen of our young Adullam House teenagers, staff and volunteers who have *raised their own funds* to go and minister for two weeks alongside the Harborths in this great mission field.

This coming weekend, Brother Pete Spackman and Brian Paterson will be leaving for **Moldova, the poorest country in Europe.** They will be meeting with the Head of Children's Protection Services, overseeing

The Harborth's

the transition of house-parents, spending time with the kids and exploring *other exciting doors of ministry* that are opening to us there. When he returns, Pete will be going on to the Summer-Fire Conference in Cork, Ireland where he will meet and minister with friends from all over the UK and beyond. Many of our interns and much needed help for the work of Adullam House has come from this great conference in Cork - *precious, precious friends and partners.*

And you too, friend, you have been our ally in this great work that we daily endeavor to accomplish.

*From the hurting hearts of the children  
of incarcerated parents in the U.S.,  
to the starving orphans of Kenya,  
and the at-risk, abandoned  
children of Moldova,  
**God is using Adullam House  
to reach out with the wonderful news  
that Jesus saves to the uttermost!***

***If ever we have needed your help to carry this message...please  
consider sending your best gift today!***

We are stepping out by faith and believing God to mobilize His people to pour into this great harvest field. So *many lives are depending on what we do.*

*Angie Spackman*

Founder, COO Adullam House

***WE LOVE YOU!***
