The Dream—the Miracle, and now—the *Plans!*

Turn the page to read how it all began and  
how you can be a part!.....

## It started with three little girls and a family who had just arrived in the States from England!

When our daughters were very small (ages 3, 5 & 7) Daddy spent all of his time preaching in the prisons of Alabama. Wednesday night church, for us, was at 5pm in Staten Prison. The girls knew the ropes. They would enter through the big gates and go through the usual screenings before they were allowed in. "Nothing in your pockets?", the big, burly guard would ask gruffly, and they would pull out the lining of their little jackets to show they had no contraband. Then they would file quietly into the big disinfected Chapel, past the swaying rows of convicts who were dressed in prison whites and singing 'Victory in Jesus'. For the kids it was just Wednesday night church....No biggie.

They were unaware of the inmates who were assigned to keep an eye on their safety and monitor who could or couldn't sit near to them. They were unaware of the guys who glanced wistfully at them, wiping away a tear as they remembered their own kids that they never got to see. They were unaware that many of those men had not seen a small child for many, many years.

***They just knew they had to stay right beside Mommy and sing their very best, because lots of those men didn't know Jesus, and might hear about Him for the first time tonight.***

**...Then Ruthanne was born!** She was just three weeks old when the family went to minister in Tutwiler Prison for women. When it was time for them to sing, Ruthie was placed in the arms of a young inmate on the front row.

**As they sang, she was passed around the Chapel. Everyone wanted to hold that baby!**

Afterwards the ladies crowded around to ask for prayer for their own children, some of whom had been left in deplorable situations....The ministry of **Adullam House was birthed.**

# AIM HIGH!

Adullam International Ministries

or... ***“With God, nothing shall be impossible!”***

In the years following, the four little Spackman girls learned to share their home with lots of children whose Mommies were in prison. Many miracles of provision enabled their family to build a house on eighteen acres of donated land. Further divine intervention enabled the ministry to become established as a legal entity. Soon after they were able to build a beautiful school as well as additional homes and a nursery for babies who were born to mothers in prison.

Today the ministry continues to receive no government funding, relying solely on the generosity of God's people to meet the needs each month. Our awesome God, who still cares about the widows and orphans, had begun a work that would expand *far beyond the Spackmans' wildest dreams!*

(Left) Molly, one of the Spackmans' granddaughters, with some of our precious kids in Kenya. (Right) the appalling conditions in which the kids are presently trying to do school. On 3/5 we broke ground on a brand new school!

The four Spackman girls and their spouses have worked with the ministry since they graduated and married. Out of this work has grown the ministry to an orphanage in Kenya, where, as shown on the front cover, we are about to build another school. *In addition Adullam International Ministries has been entrusted with a Missionary Training Center in Scotland. The Training Center is in need of renovation in the Student Life Center, and God willing will be the means of equipping many of the children graduating from our schools in the USA, Kenya, and Europe, where AIM is still ministering to “the least of these”!*

# We need your help!

**AIM** is reaching out to the most vulnerable children in our society! We are building a Kenyan grade school and renovating a Scottish Missionary Training Center for kids who have no way to pay fees.

**We are either crazy, or this is the biggest thing that God has done yet at Adullam International Ministries.**

The materials for the school building in Africa have been miraculously provided by one gentleman whose heart God has touched. **We are so very, very grateful!**

Funds have been sent to Kenya, and the plans have been approved! A team left on Monday, March 2<sup>nd</sup>!

Another team is standing ready to work in Scotland, **BUT** we still lack **\$60,000 for materials.**

**60 Pioneer Partners** each donating \$1,000 would enable this project to be completed speedily.

Please pray and ask the Lord if He would have you be one of those Pioneer Partners who would make this miracle happen.

**"For with God NOTHING shall be impossible!"**

*Your gift, large or small, will make a huge difference in helping AIM continue to change lives at home and abroad by the power of the Gospel of Jesus Christ!*

(Right) It started here, in the early 1960s, in Liverpool, England, when Mrs. Sarah Spackman prayed until her wayward son was wonderfully saved and filled with the Holy Spirit.

Now the Lord has honored those prayers and used her son in ways she never could have dreamed.

From the children's homes, and the school in the USA to the well in Africa and now the Missionary Training center in Scotland—"who but God could do such things as these?"

We would love come to your church to share the story of Adullam House!
