## God Knows Your Name!

*When we first went to Kenya several years ago, we met a young lady called Queenter. She had a huge growth on her face. It was so big that it distorted her lip and hung like huge grapefruit from her jaw.*

*We had to help! We decided our first jobs were to put in a well **AND TO HELP QUEENTER!***

*After surgery Queenter smiled for the first time.*

***BUT HER STORY  
DIDN'T END  
THERE!....***

In late February of 2020 Adullam House staff returned to Kenya. We were on one of the last flights to leave the country before the airports were shut down. After this trip, we were unable to enter Nairobi again until just a few weeks ago in March of 2021. When our men returned they were shocked and saddened to see Queenter’s condition.

*Her jaw—which had been reconstructed during surgery, using one of her rib bones—was now protruding from her face and the metal brackets could be clearly seen. She*

*was in so much pain!* We all wept as we saw this little girl suffering. We held impromptu prayer meetings in our Chapel, crying out to the Lord to protect and heal her. Infection was setting in and the situation looked grim.

Read here for the story of Gods  
*miraculous omniscient*  
love!

*ell*  
But God  
knew  
her name!  
*ell*

One of our staff members was so *burdened* for Queenter that she shared her story in a prayer meeting at another church. Everyone there prayed passionately for our little girl, and the last prayer focused on the story of *Hagar*, Abraham’s concubine. When Hagar was sent away with her little boy, Ishamael, she cried out to God in her desperation as they stared death in the face. (see Genesis 16:3-14 if you aren't familiar with the story) The group were so struck by the fact that Hagar called the name of the place, the well, where God met with her—“*Thou God seest me.*”

Surely God saw Queenter. He gave us a tiny two week window to go over to Kenya and check on her. After the prayer meeting was over one of the ladies stepped forward and shared a truth that has *blown us all away ever since*. It is, I believe, a direct message from the Lord to let us know that *HE sees every detail of our lives. He knows our names. He knows YOUR name. He knows Queenter’s name.* That well, that spot where God met with Hagar, was originally called Beer-lahai-roi which translated means “*jawbone*”!

Our God saw her jawbone, saw Queenter long before we did. In fact—He even changed her name from “jawbone” to ‘God sees me’.

# A<sub>dullam</sub> I<sub>nternational</sub> M<sub>inistries</sub> HIGH!

Or- *“With God, nothing shall be impossible!”*

Since so much prayer went up for Queenter, God has once again stepped in and someone has offered the full amount for her surgery. This time the jaw-bone will be reconstructed from a piece of bone taken from her hip which will be much stronger and larger. Pray with us that the hospital in Nairobi will make a way for Queenter to bypass all of the Covid restrictions and get the speedy help she needs to feel whole and beautiful again.

*Oh, what peace we often forfeit; oh, what needless pain we bear.  
All because we do not carry, everything to God in prayer!*

By the time you receive this letter we will have celebrated the largest graduating class that Adullam House has ever seen! Most of these seniors came to Adullam House as babies or toddlers. It will be a tear-filled time of reminiscing for all those who have poured into these lives for so long.

Some of them are going to college. Five of them plan to be nurses—inspired for the most part by their trip to Africa two years ago where they helped the medical team conduct vitally needed check-ups on every child at the orphanage. Others’ aspirations are to be welders, machinists, a criminal justice major, or going on to bible college. *The excitement is building!*

*It just doesn't get any better than this.*

*And did I mention that Bishop (above), in his senior year, has managed to play basketball, football, and soccer, and that each of the teams he has played on have won the state championship—impressive!*

(Left) Fredria came to Adullam House as a newborn. She has always been our feisty sportswoman—a natural born soccer player who can run like the wind. This year she tore her ACL and is still in recovery, but just could not resist the invitation from AYSO to coach our little ones—the next generation of sportsmen and women. Little James and Javion sure are giving her a run for her money!

Jesus loves me this I know. All these cuddles tell me so.

These little faces tell it all. From scared to happy, from hungry to full, from crack houses to K4 soccer games, and from drug busts in the middle of the night to being snuggled up in your own beautiful bed. ***Whatever Jesus touches He changes.*** Yes, Jesus loves me!

**Your monetary gift, large or small, will make a huge difference in helping AIM continue to change lives at home and abroad by the power of the Gospel of Jesus Christ!**
