

Dear Friends,

Just 10 minutes ago (at the time of writing this) I left the Adullam House onsite Chapel where 50+ full throttle little voices were singing the words, “You are my Champion, giants fall when You stand...,” before Mr. Coe preached a challenging message to them.

It’s the first morning of Kids’ Camp here at Adullam House, and the energy is tangible!

The crowd includes children visiting from Bethel Pentecostal Fellowship in Patterson, Louisiana, long-time friends and supporters of Adullam House. They join in with gusto and energy that I can only watch with amazement, knowing that they didn’t settle down to sleep the night before until the wee hours of the morning, after a long drive here!

Many of the older teens who are helping the adults to supervise are our own young men and women who came to Adullam House as babies or small kids and have grown up at Adullam House. They are now in the throes of all the action, faces streaked with warpaint, organizing the tiny, busy congregation with all the patience of people who remembers what it’s like to be seven and excited. *This is good for them – good for us all!*

It’s a new AIM generation! New life being breathed into the ministry by those who once came here in distress. Like David’s mighty men in 1 Samuel 22 they are becoming the head and not the tail - the answer to the problems and not a part of it. It is ‘that Light’ becoming the life in them. *Transformation! Changed lives!*

Baby Noah Avett, 8 lb 13 oz & 21 ¾ in.

On Monday, July 18th a new Adullam House baby was born. He arrived in our Nursery on Wednesday, the 20th! We have had no babies from the prison during the Covid outbreak. This little guy epitomizes the excitement that is rising as God is doing a new thing here at AIM!

Last week we finally received our formal certificate of non-profit status in Kenya! After several years of waiting the slow process is complete and we can move forward to help our children there in a more sub-

stantial way. God is good and, as always, His timing is impeccable.

In Eastern Europe we have continued to do everything in our power to help, not only the children in our care, but also Ukrainian refugees. These tired, empty people cross the border into Moldova and are often brought to our homes in the middle of the night with broken, heavy hearts.

*Their hollow eyes tell the story of their ravaged lives.
They arrive on our doorstep, often with just a few
carrier bags of clothing and personal effects.*

Most have left behind their fathers and husbands and are battling the ‘unknowns’ of the future as they try make sure they simply have food and a roof over their heads for the night. ***It is heart breaking.***

We have been working intently to rescue Ukrainian orphans whose plight has been brought to our attention. These are whole orphanages of kids caught in a war zone. Many are kids with disabilities – *the worst scenario imaginable.* God has given us a team of incredible people to work alongside. These are ex-military men, brave Christians, who know the territory and have the skills. Tragically we have had to back away from some of these situations which cannot be confronted at this time without exposing the children to additional danger. Until God makes a way, we will focus on the more accessible children, who can be rescued and brought to safety. *God help us to help them.*

Buses in Ukraine on standby for evacuation.

There is much to be done. Isaiah 35, verse 3 says that we should, “Strengthen the weak hands and make firm the feeble knees.” If ever there was a day that the Church should be the Church – this is it!

Did you spot our new logo on the letterhead? *It’s a new day and AIM is reaching out in a powerful new way!* For those of you who have given to help us – **a million thanks!** For others – we really need your help as never before! So many lives depend on what we do.

THE REAL VICTORIES *are* CHANGED LIVES

For the Kids!
