

ADULLAM INTERNATIONAL MINISTRIES

Blessings on top of blessings!

Matthias has been at Adullam House since birth. His plan is to become a Physical Therapist! Many thanks to Mr. Robert Kohn who has allowed him to learn all he can by shadowing his staff this year!

Adullam graduations abound this month! Matty (left), Jack and Caili from AIM Academy on May 5th, Trey from Central Alabama Community College on the morning of the 11th, Taylor from Wallace Community College Nursing school later the same day! The next day Molly graduates (also from Nursing school) and the day after, the 13th, Arleigh graduates from Pensacola Christian College as a teacher. Josiah follows just days after from Bible School in Texas! All these children's lives have been impacted and changed by Adullam House. Some came as babies or toddlers with mothers in prison; others have parents who are on staff and have been raised at Adullam House. They are all inseparable, cheering each other on as they step out in life to make a difference. ***Hallelujah!***

And In the Nursery!

- Rev. Angela Spackman (President)
- Mr. Brian Paterson (Vice President)
- Mrs. Naomi Hellums (Sec./Treas.)
- Rev. Lee Shipp
- Mr. Mark Morgan
- Mrs. Gladys R. Watson
- Mr. Bob Messick
- Mrs. Rachel Harborth
- Mrs. Tonya Prewett
- Mr. Wayne Keeping
- Mr. Roddy Gillies

With five little babies in our Nursery right now, life is never dull—to say the least. Newborn ‘Saint’ joined us on March 16th and is everyone’s sweetheart. On April 13, 14, and 15 our school hosted an incredible production called ‘HiStory—The Origin of Time’, and our little Saint had the 60 second starring role as baby Jesus! With great crowds in attendance for all three nights, the children and staff of AIM Academy wowed the audience with a breathtaking presentation of the plan of God from Genesis to Revelation and all the way to 2023. ***I am so thankful that He wanted baby Saint to be a part of HiStory!***

Beauty for Ashes!

As our Nursery in the USA begins to get busy again, also life at Adullam International Ministries in Moldova, close to the border of Ukraine, *couldn't be more exciting*. Our three homes in Ialoveni (near the capital city of Chişinău) are pretty much at maximum capacity. *Filled with young people who would have absolutely no hope without our help, today they are buzzing with the thrill of kids who now have a sense of purpose and self worth*. Despite the threats of impending doom from Putin and Russia, we have three homes full of youth making plans for the future and living without fear. *Somehow they know they are safe. They know that somebody is taking care of them and will protect them in the future to come!*

Hope is a good feeling!

Pete, *who will be 79 this year*, came with us to Moldova and preached to these refugees, sharing the beautiful story of how Jesus transformed *his* life. *You could see the tears and feel the softening of hearts that had long ago shut down, as the Gospel did its work.*

AIM MOLDOVA

What does it cost to run three large houses full of teenagers in the poorest, smallest nation in Europe on monthly basis?

Thousands—thousands per month! But they are learning about Jesus and seeing

(left) Three of our girls are about to graduate as hairdressers this year! Here, Catarina cuts the hair of one of our boys in Pete's Place—for practice!

(below) We recently took gloves, hats, and scarves from AIM Thrift (our thrift store in Alabama) to Telenesti, where these Ukrainian refugees are being cared for.

(right) What a joy it was for Naomi to distribute items to these precious refugees. The ladies treated these woolen treasures like gold and crowded around them patiently before they went on to receive food and household essentials.

AIM HIGH

Or— who is doing what, where and when at Adullam!

Many of you saw the exciting pictures from a couple of months ago, when AIM was able to send a group of young girls from Narok, Kenya to see the ocean for the first time. These are young ladies in their teens who lived in the off-grid bush area, and who have been rescued from the horrors of female genital mutilation. *It was such a privilege to bless them with this trip.*

AIM is now planning our first medical missions trip to Kenya **for this summer**. A team of fifteen nurses and medical personnel, led by Dr. Harold Cox of Montgomery, Alabama will be

heading out to the remotest parts of the area occupied by the Maasai tribe. Many of the natives of this area are afflicted by trachoma, a form of blindness often transmitted by flies. It can often be easily eliminated by antibiotics. Some of our team, Josh and Justin, were privileged to be told they were the first Americans to set foot in one of these tribal areas.

Each member of the medical team will pay their own way but we are still raising the remaining \$5,000 needed for the medicines that will be purchased in Nairobi, and \$2,000 to rent a 4-wheel drive vehicle that is capable of getting the supplies through rough terrain. If you would like to help with this need and would like to be a part of this miracle for people who have never seen a doctor in their lives, please give the best gift you can.

**"If a brother or sister be naked
and destitute of daily food,
and one of you say unto them
'Depart in peace,
be ye warmed and filled:'
notwithstanding you give them
not those things which are need-
ful to the body; what doth it
profit?
Even so faith, if it hath not works,
is dead, being alone."**

James 2:15-17

These four beauties went to Africa many years ago with AIM. After they graduated from AIM Academy they all four decided to become nurses so that they could be of more use on the mission field. They will all be moving in together this summer to finish their certifications in Saraland, Alabama. Taylor has already become an RN and will be going on the Kenyan medical missions trip with the team. ***How exciting!***

IN PREVIOUS ISSUES OF OUR NEWSLETTER you may recall hearing about the **School of Missions in Scotland**. The Lord has miraculously placed this building in our hands. It also seems that He is speaking to multiple people about the country of Scotland. So, in light of the scriptural command, *“Whatever your hand finds to do, do it with your might; for there is no work or device or knowledge or wisdom in the grave where you are going.”* (Eccles. 9:10), AIM hopes to bring this school back to life after many years of laying fallow! Pete, Angie, and Brian (AIM’s VP & Director of AIM Moldova) were a part of this school in its heyday and have great and powerful memories of its impact on the lives of young people all over the UK and beyond.

Two weeks ago a team (pictured top right) of twenty-six of our friends from Askewville Assembly of God in N.C., remarkable hard working people that God has brought alongside us in so very many aspects of the ministry, went to Scotland to make a difference—and ***what a difference they made!*** In the main activities center they replaced the ceiling and floor. Their hard working team of men and women cleared out years of debris and clutter, making a huge inroad into the work to be done there.

We cannot let this momentum stop!

There is work to be done and I know there are groups of God’s people out there who can shoulder this load with us. *Lets do this!*

On this missions trip the precious couple to the left celebrated their ***50th Wedding Anniversary***, while the lovely newlyweds below celebrated their ***Honeymoon!***
Wow!

Our team at Edinburgh Castle.

WE NEED YOU!

We’re in need of a men’s group who can put a metal roof over a flat roof on the main sanctuary. The weather in Scotland is warming up right now and we need to strike while the iron is hot! If you have a group of men who can make themselves available between now and September please call our office at **334-514-3070**.

Don’t forget! Adullam House can always use paper products of all kinds. Visit adullamhouse.org/supplies for a list of needed items.

Your monetary gift, large or small, will make a huge difference in helping AIM continue to change lives at home and abroad by the power of the Gospel of Jesus Christ!
